

Shree Pragya Epilepsy

Empowering lives through Epilepsy Care.

SINCE 1978

Shri Pragya Mirgi Rog Niwarak Samiti
Referral Hospital Road, Gulabpura – 311021, Rajasthan

GSTIN: 08AABAP4017A1ZS

PAN: AABAP4017A

Pragya Mirgi Rog Niwarak Samiti was established in 1978 in memory of Param Pujya Gurudev Late Shri Pannalaji Maharaj Sahib, a revered Jain saint. Since its inception, the organization has been dedicated to treating patients with epilepsy.

The digital location is www.pragyaepilepsycare.in, and it is registered on the NGO Portal Darpan of Niti Aayog (Govt. of India) with registration No. RJ/2021/0283319.

Physical location is in the small town of Gulabpura, in Bhilwara district of Rajasthan. We serve patients from 70 districts from 16 states of India.

In 2015, we also became a member of the Indian Epilepsy Association with Membership No. IEA/JU/35.

Donation exempted Section 80G of the Income Tax Act.

Organisation HISTORY & OVERVIEW

Currently, we are providing free medicine to patients with utmost care and efficiency.

Membership:-Recently in Dec. 2023 we had taken the membership of International Bureau for Epilepsy

MISSION

Our mission is to provide comprehensive and accessible epilepsy care and support to weaker section communities, ensuring no one is left untreated due to financial constraints. We are dedicated to making high-quality epilepsy treatment available to all, regardless of their socio-economic status. Through our efforts, we strive to enhance the quality of life for those affected by epilepsy.

VISION

Our vision is to be a leading center of excellence in epilepsy care, awareness, and research, transforming lives through compassionate and innovative approaches. We aim to become a renowned institution known for its commitment to patient care, cutting-edge research, and effective community outreach programs.

GOAL

Our goals are to provide best epilepsy treatment to those in need and increase epilepsy awareness through education and outreach programs. We aim to support the socio-economic rehabilitation of people with epilepsy (PWE) and enhance patient care through advanced facilities and technology. Additionally, we collaborate with medical institutions for research and development in epilepsy treatment.

Dedicated to care,
committed to cure, always striving for more.

SERVICES

Best Epilepsy Treatment

We delivers top-tier epilepsy treatment, with personalized therapies and expert care, and enhanced quality of life.

Monthly Epilepsy Camps

Conducting monthly camps with specialists for consultations, counseling, and yoga sessions.

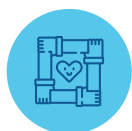

Advanced Patient Care Facilities

Equipped with digitized records, EEG rooms, drug dispensing center, and residential accommodations.

Epilepsy Awareness and Education Programs

Distributing Epilepsy Diaries, showing educational videos, and displaying informative posters to raise awareness.

Collaboration for Research

Partnering with medical institutions to advance research and improve epilepsy treatment methodologies.

FUTURE PLAN

We have many patients at our organisation and we are looking for the following in future.

1. A camp by an Epileptologist / Neuro physician every week
2. Research on social and medical issues. We invite any medical college to take up this project.
3. Outreach in the village areas to create awareness about epilepsy.
4. Tackle social issues and rehabilitation of epilepsy patients and families.
5. To make this centre a Model Centre for epilepsy.
6. To have CT scan equipment to testing of Patients.
7. Mobile Van to take tour to villages to awareness in the villages.
8. To add 3 rooms for admission of patients in care of need.
9. To have separate room for EEG Testing with all facilities.

FINANCIAL OVERVIEW

This is a charitable organization. Donations are received from the generous members of the community. The organization is run by the Jain society, namely “Shri Pragma Mirgi Rog Niwarak Samiti”. The donations are exempted from income tax.

Annual Expense
INR 80 lakhs
(US\$95,551)

No. of old patients visited 17,429 + New patients 2,248, Total no. of patients 19,677.
We have two EEG machines available for testing.

ACTIVITIES ON CAMP DAY

Pragya Mirgi Rog Niwarak Samiti has achieved remarkable success in providing effective medical services. Due to our dedicated efforts, we have made significant progress, starting from one camp per month in 2015 to now organizing four camps per month. By September 30, 2024, a total of 192 camps have been held, with an average attendance of 115 patients per camp. In addition to the camps, approximately 1,500 patients visit us regularly each month, where they receive the best possible treatment and care. We take pride in being a source of hope and healing for patients who come from distant places, even during the challenging times of COVID-19, to benefit from our medical services. Our campus, situated on a vast 160x190 feet plot, offers temporary night accommodation to ensure comfort and comprehensive care for all our visitors.
